Join us for an exciting adventure atop an ATV. We will navigate our way on old mining roads through scenic mountains and enjoy breathtaking vistas. You'll enjoy the serenity of the untamed mountains coupled with the exhilaration of an ATV. There are numerous trails—something for EVERY ability and age over 6. We provide the ATV, helmet, and rain gear—if needed. Prior to each tour safety and instructional training is provided. We will then use the practice area until everyone is comfortable with the operation of the ATV.
